

# DESVAC KITS

## Hand-held Sprayers for Farm Vaccination

**Desvac Kits** are knapsack sprayers for coarse spray (big droplets) vaccination of poultry. The sprayer is generally used for spray vaccination of poultry against respiratory diseases. For a quality spray pattern, nozzles can be regulated to change droplet size.

### Key Features

- Long lasting sturdy material
- Range of 115 – 240 microns
- Manometer regulated pressure
- Changeable flow rate

**Pathologies:** Infectious Bronchitis, Newcastle Disease, Coccidiosis, Avian Metapneumovirus, E. Coli

**Ceva Vaccines:** Cevac Vitapest L, Cevac Vitabron L, Cevac iBird

## PROFILE

### Long Lasting, Easy to Use Equipment

- Sturdy stainless steel frame
- Backpack sprayers
- 3 different tank capacities to cover all needs

### Constant Droplet Size

- Large nozzle range: 110 µm to 240 µm
- Precise air pressure control guarantees the correct droplet size

### High Quality Spray

- Telescopic spray to precisely target birds
- Availability of double nozzle holder

## SPECIFICATIONS

**KIT 1**

|                      |                                    |
|----------------------|------------------------------------|
| <b>Capacity</b>      | 15 litres                          |
| <b>Dimensions</b>    | 27 x 36 x 51 cm                    |
| <b>Weight</b>        | 6.7 kg                             |
| <b>Tank Pressure</b> | Max. 4 bars (57 PSI)               |
| <b>Other</b>         | Telescopic spray lance 50 - 100 cm |

**KIT 2**

|                      |                                    |
|----------------------|------------------------------------|
| <b>Capacity</b>      | 7 litres                           |
| <b>Dimensions</b>    | 67 x 20 x 20 cm                    |
| <b>Weight</b>        | 4.1 kg                             |
| <b>Tank Pressure</b> | Max. 4 bars (57 PSI)               |
| <b>Other</b>         | Telescopic spray lance 50 - 100 cm |

**KIT 3**

|                      |                                    |
|----------------------|------------------------------------|
| <b>Capacity</b>      | 5 litres                           |
| <b>Dimensions</b>    | 59 x 19 x 19 cm                    |
| <b>Weight</b>        | 3.4 kg                             |
| <b>Tank Pressure</b> | Max. 2 bars (28 PSI)               |
| <b>Other</b>         | Telescopic spray lance 50 - 100 cm |
| <b>Farm Size</b>     | Smaller Farm (up to 5,000 birds)   |

As part of the EGGs program, our Ceva Field Specialist will monitor the good operation of the equipment and the quality of vaccination during the routine visit.
